### **Notes to the Interim Financial Statements**

#### 1 Basis of Preparation

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the period presented, unless otherwise stated as per carve out issued by Institute of Chartered Accountants of Nepal.

#### 2 Statement of Compliance with NFRSs

The Interim Financial Statement of finance which comprises of Condensed Statement of Financial Position, Condensed Statement of Profit or Loss and Statement of Other Comprehensive Income, Condensed Statement of Changes in Equity, Condensed Statement of Cash Flows, Notes to the Interim Financial Statements have been prepared in accordance with Nepal Financial Reporting Standards as issued by the Nepal Accounting Standard Board and carve out issued by The Institute of Chartered Accountants of Nepal and in compliance with the requirements of the Companies Act ,2006 and directives issued by Nepal Rastra Bank. The formats used in the preparation of the Financial Statements and the disclosures made therein also comply with the specified formats prescribed by the Nepal Rastra Bank for the preparation, presentation and publication of Interim Financial Statements.

#### 3 Use of Estimates, assumptions and Judgements

In preparing the Interim Financial Statements of the finance in conformity with NFRSs and NASs, the management has made judgments, estimates and assumptions which affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

#### 4 Changes in accounting policies

New accounting policies have been followed and have been consistently applied for and after Shrawan 1, 2075.

#### 5 Significant accounting Policies

#### a. Basis of Measurement

The financial statements have been prepared under the historical cost convention, except for following material items stated in the Statement of Financial Position:

• Fair value and impairment of financial instruments

#### b. Cash and Cash Equivalents

Cash and cash equivalents as referred to in the cash flow statement comprises cash on hand, non-restricted current accounts with Nepal Rastra Bank and amounts due from financial institutions.

### c. Financial Instruments- Initial recognition and subsequent measurement

Financial Instruments are initially recognized on the trade date, i.e., the date that the finance becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place. The classification of financial instruments at initial recognition depends on their purpose and characteristics and the management's intention when acquiring them. All financial instruments are measured initially at their fair value plus transaction

costs, except in the case of financial assets and financial liabilities recorded at fair value through profit or loss.

#### d. Loans and advances to customers and BFIs

Loans and advances to customers and BFIs comprises of non-derivative financial assets with fixed or determinable payments that are not quoted in an active market which includes short term lending, term based lending, hire purchase lending, mortgage lending, personal lending loans to employees and others. Loans and advances are presented on net of the total loan loss provision on the basis of directive number 2 issued by Nepal Rastra Bank. These loans are categorized under pass, watch list, sub-standard, doubtful and loss category. Loan loss provisions are provided on the basis of percentage of total loan outstanding on the basis of their overdue days and other criteria set out in the directive.

#### e. Investment Securities

Investment securities are initially recognized at fair value plus directly attributable transaction costs and subsequently measured at amortized cost using the Effective Interest Rate (EIR) less impairment. Investment in quoted equities, unquoted equities and quoted mutual fund units are initially recognized at cost plus directly attributable transaction costs and subsequently measured at fair value through other comprehensive income. All the listed ordinary equity shares are measured at fair value using Level 1 input as described in NAS 13 "Fair Value Measurement". Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. For the promoter shares where the quoted prices cannot be accessed at the measurement date, they are valued at 50% of the value of ordinary equity shares.

#### f. Property and Equipment

Property and equipment is stated at cost excluding the costs of day to day servicing, less accumulated depreciation and accumulated impairment in value. Changes in the expected useful life are accounted for by changing the amortization period or methodology, as appropriate, and treated as changes in accounting estimates. Subsequent expenditures are included in the asset's carrying amount or are recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the finance and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to other operating expenses during the financial period in which they are incurred.

#### g. Goodwill and Intangible Assets

An intangible asset is recognized only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the finance. Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and any accumulated impairment losses. The useful lives of intangible assets are assessed to be either finite or indefinite.

#### h. Investment Property

Non-Banking Assets which are acquired as part of recovery of loans are classified as investment property and are carried at cost. The finance's policy is to determine whether a repossessed asset can be best used for its internal operations or should be sold. Assets determined to be useful for the internal operations are transferred to their relevant asset category at the repossessed value. Land and Building of repossessed collateral are classified as investment property.

#### i. Income Tax

Current tax assets and liabilities for the current and prior period are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are rates applicable as per Income Tax Act 2058.

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

#### j. Deposits, debt securities issued

Deposits are the balance accepted by finance from the individuals, corporate entities, financial institution and other organized institutions. Deposits are measured at amortized cost. Amortized cost for deposits are the same values in which the finance have accepted the deposits from the individuals, corporate entities, financial institution and other organized institutions. No any additional cost is incurred in accepting the deposit which would affect the effective interest rate.

Debt securities are financial liabilities accepted by finance as long term liabilities. These debt securities are measured at amortized cost using the effective interest rate.

#### k. Provisions

Provisions are recognized when the finance has a present obligation (legal or constructive) as a result of past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the finance determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the income statement net of any reimbursement in other operating expenses.

#### I. Capital and Reserves

Ordinary share capital represents the par value of ordinary shares issued. Share issuance cost which were incurred for raising the capital has not been shown as deduction from share capital but are charged to statement of profit or loss. Share premium represents the excess consideration received by the finance over the par value of ordinary shares issued, and is classified as equity.

Statutory reserves represent the mandatory reserves maintained by the finance as per Nepal Rastra Bank directives. This includes general reserve, exchange equalization reserve, capital redemption reserve, investment adjustment reserve, interest capitalized reserves, corporate social responsibility reserve, training and development reserve and other reserves as notified by Nepal Rastra Bank. These reserves are not available for distribution of dividend to the shareholders. Retained earnings represents the cumulative net earnings or profit after accounting for dividends to shareholders and mandatory reserves required as per directives issued by Nepal Rastra Bank before distributing dividends. Retained earnings represents the cumulative net earnings or profit after accounting for dividends to shareholders and mandatory reserves required as per directives issued by Nepal Rastra Bank before distributing dividend.

#### m. Contingent Liabilities

Contingent liabilities are possible obligations that arise out of past events and whose existence will be confirmed only by the occurrence of or non-occurrence of one or more uncertain future events not wholly within the control of the finance. These can also be present obligations that arise from past events but they are not recognized because it is not probable that an outflow of resources embodying

economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

Contingent liabilities are measured with the provisions of as defined in Nepal Accounting Standard-NAS 37 - Provisions, Contingent Liabilities and Contingent Assets.

#### n. Revenue Recognition

Interest income is recorded on gross carrying amount of loan as carve out provided by ICAN. Interest on fully impaired loans have not been recognized as interest income as per the circular issued by Nepal Rastra Bank.

#### o. Fees and commission

Fees and commissions are generally recognized on an accrual basis when the service has been provided or significant act performed. The fees and commission income and expense that are integral to the effective interest rate on the financial assets and financial liability are included in the measurement of the effective interest rate. Finance Co. has opted to use carve-out as mentioned in Note 2.1.1 (c) on this matter and accounted all realized fee and commission income upfront. Commission on guarantees issued that are for more than one year are immediately accounted as income. If the period of guarantee is more than one year, then proportionate amount of fee is accounted as income.

#### p. Interest Expenses

Interest on deposit accepted from customer and borrowings of the Finance Co. are accounted on accrual basis.

#### q. Personnel Expenses

The cost of all short-term employee benefits is recognized as an expense during the period in which the employee renders the related service. Accruals for employee entitlements to salaries, bonus and annual leave represent the amount which the finance has a present obligation to pay as a result of employees' services provided up to the reporting date. The accruals have been calculated at undiscounted amounts based on current salary rates.

Employee benefits are provided as per Employee Service Regulation of the Finance Co. and on book value basis. Finance believes that the impact of actuarial valuation will not be material and its benefit will not be more than the cost involved on such expert valuation.

#### r. Other Operating Expenses

Other Operating expenses are incurred and accounted on an accrual basis and are charged to income statement unless those expenses form the capital nature.

#### s. Depreciation and Amortization

Property and equipment are depreciated from the subsequent month of assets being put to use, while no depreciation is charged in the month of disposal, at the determined rates on a straight line basis over the periods appropriate to the estimated useful lives of asset's future economic benefits are expected to be consumed by the finance. Leased assets are amortized over the period of 5 years or lease term which is earlier. Freehold lands are not depreciated as they are non-depreciable assets.

#### t. Income Tax Expenses

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the period and any adjustment to the tax payable or receivable in respect of previous years. The amount

of current tax receivable or payable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted, as at the reporting date. Accordingly, provision for taxation is based on the profit for the period adjusted for taxation purpose in accordance with the provisions of the Income Tax Act.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries to the extent that it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

### u. Earnings Per Share

The finance presents basic and diluted Earnings per Share (EPS) for its ordinary shares. Basic earnings per share (EPS) is calculated by dividing the net profit for the period attributable to ordinary equity holders of finance by the weighted average number of ordinary shares outstanding during the period. Diluted Earnings per Share is determined by adjusting both the profit attributable to the ordinary equity holders and the weighted average number of ordinary shares outstanding, for the effects of all dilutive potential ordinary shares if any.

### **Segment Information**

Finance Co.'s management has identified its operating segments based on the management of its branches and offices. In line with this, 7 different segments are identified based on 7 Provinces of Nepal on geographical separation basis. The operation, risk, transactions, etc. are more inclined on similar manner on a particular state. All the related income and expenses of such segments are presented in the segment information. Equity, staff bonus, NFRS adjustments and income tax are not segregated and are included in central account.

#### 6 Related parties' disclosure

Related parties of the finance include key management personnel of the finance.

#### a) Key management personnel

Key management personnel include Board of Director of the finance and Chief Executive Officer.

#### **Board of Directors**

Board of Directors of the finance comprise the following:

Name	Position
Mr. Kishore Kumar Maharjan	Chairperson
Mr. Shambhu Lal Dangol	Director
Mr. Bikash Maharjan	Director
Mr. Samundra Kaji Shrestha	Director
Mrs. Sabina Maharjan	Director
Mr. Anish Maharjan	Director

Mr. Biplove Sing Independent Director

Mr. Bishal Humagain serves as the secretary of Board.

#### b) Allowance and facilities provided to board members

Chairperson of the Board is provided Rs. 5,000 and other board members are provided Rs. 4,000 as meeting fees for attending the board meetings. Total amount paid as meeting allowance up to this quarter to board members was Rs.1,62,000. All board members are provided Rs. 3,000 per month per person in order to cover expenses related to newspaper and telephone expenses. For official travel, members of board are provided travel and daily allowance as per the rules of finance. Apart from the stated allowance and facilities, other allowance and facilities are not provided to board members. There has not been any commercial transaction of the finance with its board members.

#### c) Chief Executive Officer

Mr. Bishal Humagain serves as Chief Executive Officer of the finance. He is provided salary and allowance and benefits as per contract entered on his appointment. Salary and allowances provided to Mr. Humagain during the 1<sup>st</sup> quarter of current fiscal year amounts to Rs.28,10,000 (previous year Rs. 27,93,000).

In addition, the CEO is provided vehicle facility by the finance.

Finance has not entered any commercial transaction with its CEO.

#### 7 Dividends paid (aggregate or per share) separately for ordinary shares and other shares.

No dividend has been paid separately for ordinary shares and other shares.

#### 8 Issued, repurchased and repayment of debt instruments

The finance has not issued, repurchased and repaid any debt instruments.
